Texas Southern University is excited to celebrate “TSU Spirit Week” before the 36th Annual Labor Day Classic. Events held during the week have engaged students, faculty, staff, and alumni as they prepare to cheer on the TSU Tigers. Executed by the Office of Student Life, members of the TSU community have had an opportunity to prepare spirit materials, safely fellowship with others during a themed “Hump Day” event, and will rally one last time before the big game.

“We are so excited to face our friendly rivals of Prairie View A&M University for the 36th time!” said TSU President Lesia L. Crumpton-Young. “Our students are ready. Our staff is ready. Our faculty members and the rest of the TSU community are ready to cheer the Tigers on to victory in this exciting celebration of camaraderie and school spirit.”

Tickets to the game can be purchased at www.tsusports.com/LDCtickets.

Texas Southern University Partners with Apple and Tennessee State University to Become a Community Center for Coding and Creativity

Texas Southern University announced it will become a community center for coding and creativity as part of Apple's Community Education Initiative and Tennessee State University's HBCU C². The teaching and learning initiative empowers Historically Black Colleges and Universities (HBCUs) to expand technology and creativity experiences within their institutions and broader communities.

"I think it's an extremely innovative partnership that will allow our students to be prepared for the careers of tomorrow, and I'm excited that we have the opportunity to partner with Apple," said Dr. Lesia Crumpton-Young, president of Texas Southern University.

TSU is now among nearly four dozen universities across the country, serving as HBCU C² community coding centers or regional hubs. Since 2019, participating HBCUs have offered new learning opportunities to thousands of degree-seeking students and community learners and expanded their impact through partnerships with local K-12 schools, community organizations, local governments, and more.

As part of its Community Education Initiative, Apple is supporting Texas Southern University with equipment and ongoing professional development to become the pre-eminent HBCU C² community center to bring coding and creativity to Houston.

Faculty and educators will learn about coding and app development and work with Apple to identify opportunities to incorporate its comprehensive Everyone Can Code. Everyone Can Create curricula, which utilizes the easy-to-learn Swift programming language. Support from Apple also includes mobile iPad and Mac labs, opportunities for student jobs and scholarships, and funding for staff.

Division of Student Affairs Hosts Resource Fair for Student Body

This week, the Division of Student Affairs hosted the Tiger Resource Fair. This campus-wide event allowed students to explore the variety of academic and student support services that Texas Southern University offers. In addition, they met faculty and staff in various departments, programs, offices, and services during the event. Student organizations were also available so students could learn how to get involved on campus.

"When you come to Texas Southern University, you're considered family, and we welcome you home! This event was a fantastic way for us to welcome our students and to showcase all of the helpful resources available to them across the TSU campus," said Vice President of Student Services Dr. Teresa McKinney. "Our division, and the faculty and staff of TSU, take great pride in creating a setting that provides academic, social, and personal support to our students within an inclusive environment. We want our students to know that we love helping students to succeed."

Office of Student Financial Assistance
Default Prevention Service

Tiger Faculty and Staff,

On August 6, the U.S. Department of Education announced it would continue suspending loan payments and waiving interest on student loans owned by the department until January 31, 2022, this will be the **FINAL** extension of the payment relief efforts that have been in place since March 2020.

As a reminder, the best resources for accurate and up-to date information are the U.S. Department of Education's website, your loan servicer's website, and the campus Default Prevention Services.

Stay in the Know

Make sure you're getting the updates by confirming your contact information is up to date on your profile with your student loan servicer and at studentaid.gov.

For the most up-to- date information about COVID-19 and student loan payment relief, visit your loan servicer's website. You can also visit: <https://studentaid.gov/announcements-events/coronavirus>.

If you have any questions about your TSU federal student loans, we're [here to help](#)! Default Prevention Services offers **FREE** Financial Literacy resources to help you navigate through repayment options that are available to you. Chat with a Default Prevention advisor Monday through Friday, 9 a.m. to 5 p.m. by calling 713-313-7939 or via email at defaultprevention@tsu.edu.

Sincerely,
Default Prevention Services

Alumni

A Note from the Assistant Vice President of Alumni Relations & Special Events

The Office of Alumni Relations would like to thank our alumni and friends. The Texas Southern baseball and softball programs will receive a significant upgrade with a covered batting cage for the upcoming season behind the University Recreation Center.

“Thanks to donations from all of our TSU alumni, supporters, and friends to the fundraising campaign, we’re able to build and upgrade facilities for the department,” said Vice President for Intercollegiate Athletics Kevin Granger. “The baseball/softball batting cages are just the beginning as we have more projects on the horizon.” Other projects for TSU Athletics include the extension of the turf field/long jump pit relocation at Durley Stadium and a golf simulator inside H&PE Arena for the TSU golf programs. The turf extension will address field and safety needs. The golf simulator will allow the TSU golf teams to practice and refine their game away from the links on a year-round basis and serve as an alternative practice venue in inclement weather.

Also, as we begin the new school year with the 13th TSU President, Dr. Lesia Crumpton-Young, and welcome our new and returning Tigers to Tigerland, we would like to thank all alumni who have supported our students on their journey. Thank you for participating in recruitment fairs, making calls, send-off events, move-in, the pinning & oath ceremony, providing scholarships, mentoring, and more. The Office of Alumni Relations and SGA partnered on the first day of school to provide goodie bags for students, including encouraging messages. Texas Southern University is not just for four years; it’s a lifetime commitment! Go Tigers!

TSU Couple Quietly Building a Mini Vegan Empire

IMPORTANT INFORMATION ABOUT YOUR FEDERAL STUDENT LOAN

Knowing who you owe doesn't have to be confusing.

If you're like many borrowers, you have more than one student loan from more than one source. This can make it difficult to keep track of your loans.

To find out who you owe, access StudentAid.gov or the National Student Loan Data System (NSLDS) website at nslds.ed.gov. These websites are provided by the U.S. Department of Education. Here, you can view information on federal loans and grants that you received.

The websites give current information about what you owe, including:

- > Outstanding balances
- > Disbursements
- > Loan statuses
- > Loan servicer information

TIGER TIPS

FOR *SUCCESS* WITH ONLINE LEARNING

1

LIMIT THE HOURS YOU SPEND ON YOUR CELL PHONE AND SOCIAL MEDIA.

This may be challenging given that many of us are isolated in our homes. However, as a student, you must dedicate a portion of your day to your studies – free of the distractions that social media can bring.

2

FOLLOW DIRECTIONS FOR ASSIGNMENTS AND SUBMIT ASSIGNMENTS ON TIME.

Although the mode of learning has changed, your professor will give you assignments and instruction in Blackboard. Pay attention and develop a plan to complete them on time.

3

ASK YOUR INSTRUCTOR QUESTIONS IF YOU ARE HAVING DIFFICULTY UNDERSTANDING CONTENT.

It's more critical than ever that you reach out to your instructor with any questions or concerns you have about your class or assignments.

4

DEDICATE A SPACE FOR LEARNING.

Find a space that is quiet and free from distractions, comfortable and with good lighting, especially at night. If on a computer, close tabs and windows that don't relate to your studies. If on your phone, silence or disable any apps that might divert your attention. Let others in your home know you can't be disturbed while working.

5

SET A PACE THAT'S RIGHT FOR YOU.

Online learning gives you the ability to work as fast – or as slow – as is comfortable for you. Just don't fall behind!

If you have questions about using Blackboard, our primary online learning platform, visit <https://texsu.blackboard.com/webapps/login/>
