“THE MOMENTUM OF CHANGE”

The House Legislative Black Caucus & Senate Legislative Black Caucus will be hosting the 10th Annual African American Legislative Summit on April 27-28, 2009 in Texas’ State Capitol, Austin, TX. This event is jointly presented by Texas Southern University and Prairie View A&M University and is sponsored by AT&T and the Texas NAACP.

The purpose of The African American Legislative Summit is to examine issues impacting African-American communities and to arouse change. “The Momentum of Change” is the theme of this year’s 2009 Summit. LaChanda Jenkins, in the Office of Development and creator of this year’s theme, states, “Change has been a real live experience. With Obama in presidency and the changes our country has undergone, the momentum of change is high.” There are various critical issues to be discussed such as higher education, technology, the economic crisis, the environment and black on black crime.

“This is a great opportunity to have your voice heard and to personally share issues you’re dealing with, so the Legislative can take and look at what needs to be done”, said Jenkins.

All sessions will take place in the State Capitol Building and the AT&T Executive Conference Center. Summit sessions are free and open to the public, but registration is required. For additional information & to register, please visit www.tsu.edu/summit
