RE: Administrative Changes in Academic Affairs

Continuing our commitment to ensure that the University Community remains apprised of significant administrative changes at Texas Southern, I am announcing today a change in title and expansion of responsibility for the Provost and an administrative change in the Office of Financial Aid.

Research is a significant component of the University's mission as a doctoral granting institution. It is important that we recognize its critical role and place within the university. Therefore, effective immediately, we are changing the name of the Division of Academic Affairs to the Division of Academic Affairs/Research. Dr. Sunny Ohia's title will now be the Provost and Vice President for Academic Affairs/Research. Offices within the Division include:

- Office of Provost
- Office of Research
- Office of Institutional Assessment, Planning and Effectiveness
- Office of Student Success Services
- Center for e-Learning
- University Libraries and Museums
- University-level Centers for Education and Research
