

Poster Presentation Specifications

Poster Specifications

Poster presentations must meet the following specifications:

1. Presentation material must be displayed on the 3-section project / display / presentation board.
2. The size of the project / display / presentation board must be 48 inches wide (total length), and 36 inches high. Refer to the graphic.
3. The smallest allowable font size is 12.

Failure to adhere to these specifications may result in point deduction and/or disqualification.
