

TEXAS SOUTHERN UNIVERSITY

Tiger Employees,

For the limited number of faculty and staff members returning for Phase 2 of Return to TigerLand on Tuesday, September 8th, please report to the following buildings upon arrival for temperature screenings:

- Hannah Hall
- General Services Building
- Bell Building

Please keep in mind the essential employees for Phase 2 were selected and notified in advance by their supervisors. Remaining employees should continue in their remote capacity until they receive further instruction from their area leaders.

Again, a very special thank you to the critical workers from Phase 1 who have kept our TSU operations going smoothly during their service in-person on the campus.

All are encouraged to use the PPE provided in area offices that have been thoroughly cleaned and to wear facial coverings in campus buildings.

Remember, we wear.... because *Tigers Care*.
