TSU Rescinds Mandatory Meal Plan for Residential Students

Vice President for Student Affairs, Dr. Willie Marshall announced today that the University will rescind the decision requiring all students in residential housing to sign on to a meal plan, instituted earlier this semester for its 1400 students living in campus housing.

Marshall said the change in policy will allow the university to seek additional input about the meal plan from students who will be affected. Residential students this semester will be able to opt in or opt out of the meal plan.

All residential students are being asked to go to the Housing Office, located on the first floor of Lanier West Dormitory to finalize their choice for this semester’s meal plan. Students must sign the roster to elect to keep their current meal plan, to select a new meal plan, or to opt out completely. Students who choose to change or eliminate their plan will receive a pro-rated refund for their use of the plan through September 19.
