**Prof. Rafiq Khadimally, PMP**  
**BSME, MBA**  
**Consultant Project Management**

He has managed the crucial aspect of Project Management / Interface Management on several major oil and gas mega-projects. Throughout his career of nearly three decades of project management in USA and International, he has performed his role for Offshore as well as Onshore; Offshore projects include Jacketed Platforms, Tension Leg Platform (TLP), Semisubmersible, SPAR, Drilling Rig, Subsea Tieback, and Floating LNG projects.

Onshore in Project Management capacity includes several oil Refinery projects at Aramco-Petromin Jeddah Refinery, LaGloria Refinery, Tyler TX & Pakistan Refinery Ltd. Until recently he is Project Interface Manager on Bechtel's Floating LNG projects, and previously as Consultant Interface Coordinator on Chevron-Malange Offshore Angola project. He also served as Interface Manager with SBM Offshore, McDermott and Wison Offshore. He holds an MBA degree in Global Energy from Bauer College of Business (UH), an Exec-Dev Project Management program from Rice University, and BS in Mechanical Engineering from University of Engineering & Technology where he topped the list with two medals.

He is Project Management Professional certified as PMP, is participative in PMI & AIChE chapters & Rice Global E&C Forum. Most recent PMI-worldwide webinar on 'Interface Management for Oil & Gas mega-Projects' & RGF on 'Interface Management Energized Concurrent Engineering'; 'LNG Regasification & Power Solutions for Developing Countries' & for AIChE event on 'Refinery & Chemicals Plant Upgrades & Pre-Turnaround Activities via Interface Management'.
