Solicitation for Articles in all areas of Business and Pedagogy related to Business disciplines

The Southwestern Business Administration Journal (SBAJ) is being published by the Jesse H. Jones School of Business at Texas Southern University since 2001. This is a peer reviewed journal devoted to publishing original articles in business disciplines and articles related to various aspects of teaching and learning in Business Schools. SBAJ published one issue per year from 2001-2004. It became two issues per year from 2005. Each year until 2008 this journal was published in hard copy form. Since 2009 this journal is being published only in electronic form. Each year SBAJ is published in Spring and Fall. In 2012 and 2013 the Spring and Fall issues were combined and only one issue was published. In 2014, we plan to combine the Spring and Fall issues.

In January 2014, Dr. S. Srinivasan assumed the Editorship of the journal. The Editorial Board and the Board of Reviewers is being reconstituted now. Papers in any area of business as well as articles related to teaching and learning will be considered for publication. Each issue publishes around 5 to 6 articles of approximately 10 to 15 single spaced pages in length. Details on formatting are available in the journal web site.

Effort is underway currently to have the papers published in SBAJ indexed in some of the electronic databases.
