**Satisfactory Academic Progress Appeal
Reinstatement of Financial Aid**

Must be submitted by the 12th Class day for Fall/Spring & 4th Class day for Summer

The various federal and state regulations governing student financial assistance programs require an institution to develop a standard measure of a student's reasonable progress towards a degree objective. This policy, known as satisfactory academic progress, sets the standard for the minimum allowable academic progress required to retain eligibility for financial aid. The determinants in calculating satisfactory academic progress include (1) the cumulative grade point average (2) the number of credit hours attempted comparative to the number of hours earned in all coursework inclusive of transfer coursework, and (3) the length of time taken to complete your degree program.

Review of Satisfactory Academic Progress Policy

Total Undergraduate Hours	Qualitative	Quantitative	Length
Undergraduate	2.0	67%	180
Post-Baccalaureate	2.0	67%	180
Graduate – beyond Bachelor's	3.0	67%	63
Law – beyond Bachelor's	2.0	67%	135
Doctoral	3.0	67%	108

Students not meeting SAP will be placed on financial aid suspension and are not eligible to receive further funding. However, students are still able to attend class while being on suspension.

Students have the right to appeal their suspension by submitting a SAP Appeal form with supporting documentation to the Office of Student Financial Assistance.

Failure to submit adequate documentation upon initial submission will result in application being returned.

Satisfactory Academic Progress – General Academic Plan

As a part of the federal requirements for satisfactory academic progress (SAP) students must receive academic advising to assist the student in developing an academic plan. The academic plan should provide a guide for the student to use during the course selection process and ultimately lead to the fulfillment of the academic requirements for graduation. As the student's performance increases the student's cumulative grade point average and ratio should also show a comparable improvement leading the student to meet the minimum academic requirements to remain eligible for financial assistance and graduate. Your college may choose to use this general form or develop a plan specific to their requirements.
