OPEN HOUSE

The Staff Council, in conjunction with the Jesse H. Jones School of Business, hosted an Open House on March 23, 2010. The purpose of the event was to provide information on the MBA, eMBA, and MIS programs in the School of Business for employees interested in pursuing advanced degrees. The session was facilitated by Blake Green, eMBA program coordinator, and Dr. Karma Sherif, associate professor & MIS program director. Greetings were presented by Derrick Wilson, chair of the staff council and by Dr. Joseph Boyd, dean of the business school. More than 15 employees attended the Open House which was held in Room 129 of Hannah Hall.

MISSION STATEMENT

The Texas Southern University Staff Council (TSUSC) exists as a positive collective voice to foster a spirit of unity by encouraging the exchange of ideas among staff, faculty, and students in keeping with the mission of Texas Southern University. TSUSC shall serve as an advisory body which conveys information and makes recommendations to the President regarding interests and concerns of the University Staff.

INFORMATION KIOSK

Due to the nature of their jobs, several university employees, such as custodians and ground personnel, do not have access to computers. In an effort to provide a system whereby these employees can access email, complete surveys and other university forms, an Information Kiosk has been set up in the General Services Building. The kiosk, which was provided by the Staff Council, is located on the first floor in the PBX Office (room 104).

To obtain an email account, employees without email should complete the Banner Access Form. To access form: (Right click on the link entitled “Banner Access Form” and click “open hyperlink”), print the form, obtain signature from Immediate Supervisor, and submit form to the Office of Information Technology in room 320 of Hannah Hall.
